13 November 1952

MEMORANDUM FOR THE ASSISTANT DIRECTOR, NATIONAL ESTIMATES

SUBJECT: Mid-1954 Supplement to NIE-64 (Part I)

1. I checked with Mr. Gleason today to find out whether this paper is still needed and how urgently. Mr. Gleason said that the need was still very great and that the absolute deadline would be 15 December. If received later, it could not be used effectively by the men going over the FY 1954 budget.

2. In view of the substantial delay so far on this paper, I think we would get something of a black eye if we did not meet this deadline and if possible beat it.
